

## Stahlfest TIG-lasmachine SFW210TIG

### General features

Brand	Stahlfest
Subcategory	Miscellaneous attachment
Construction year	2026
Reference	506

### Characteristics

Length	40cm
Width	14cm

# Stahlfest TIG-lasmaschine SFW210TIG

## Description

Rated input voltage: 1P AC220V  $\pm$ 15% 50/60Hz Rated duty cycle: 40% Efficiency: 80% Insulation class: F Protection class: IP21  
Weight: 9.4 kg Dimensions: 396X142X268 TIG Rated input power: 4.8 kVA Rated input current: 27A No-load voltage 56V Output  
current 20-190A Output voltage 190A / 17.6V MMA Rated input power: 6.6 kVA Rated input current: 37A No-load voltage 80V  
Output current 20-170A Output voltage 170A / 26.8V
